

SINGLE MALT DISRUPTED.

In 1872, James “The Major” Grant innovated scotch production by elongating the necks on his family’s stills, and using cooling charcoal purifiers in both distillations. The dual purification process nudges heavier vapors back down to the pot still, allowing only the most refined vapors to condense into spirit.

The Major’s inspired changes to the way whisky was made are what defined the elegant character and style of Glen Grant. Today, Glen Grant continues to disrupt the whisky market with its two new offerings: 12 Year and 18 Year.

AGED 12 YEARS

Subtle yet exquisite, this remarkable whisky will excite the palates of both newcomers and aficionados alike.

COLOR
Bright gold

AROMA
Honey, pear, and apple, with hints of almond and citrus

PALATE
Apple pie crust, caramel, and vanilla

FINISH
Lingering fruit with subtle hints of spice

AGED 18 YEARS

Deeply layered and complex, this single malt matures in the highest quality oak casks, creating a radiant golden color and seductive floral aroma.

COLOR
Bright gold

AROMA
Rich and floral, with oaky overtones and hints of baking spices

PALATE
Delicate malty caramel, raisins, and vanilla

FINISH
Long and sweet, with hints of nuts and spice
